# Introduction

- The Placement Management System is designed to streamline the recruitment process for both students and recruiters.
- It offers a centralized platform for job seekers to explore opportunities and apply seamlessly.
- Employers can efficiently post job listings, review applications, and track candidates.
- The system ensures real-time updates, improving communication between students, faculty, and recruiters.
- It simplifies the overall placement workflow, reducing manual efforts and improving accuracy.
- The platform is user-friendly, ensuring students and recruiters can navigate it with ease.

# Overview

This web-based project consists of :

- Home section(Explore jobs , Contact , Feedback)
- Login and Register Page

- Profile Picture
- Resume and Documents
- Skills and Certification

The image shows a web application interface for a user profile. On the left is a dark sidebar with the title "Dashboard" in orange. It contains a list of navigation buttons: "Home" (house icon), "Academics" (book icon), "Applied" (document icon), "Placed" (briefcase icon), "Profile" (person icon, highlighted in orange), "Settings" (gear icon), and "Logout" (arrow icon). The main content area has a pink-to-purple gradient background. At the top right of this area is the title "Profile" in orange. Below it, there is a "Profile Picture" section with a placeholder image and a "Choose File" button. To the right of the picture section are four input fields: "Full Name" (placeholder: "Enter your name"), "Email" (placeholder: "Enter your email"), "Phone" (placeholder: "Enter your phone number"), and "Bio" (placeholder: "Write something about yourself..."). At the bottom right of the form is an "Update Profile" button.

# Settings :

- Change Password
- Privacy Settings
- Notification Preferences
- Theme Customization

## **Conclusion and Future Enhancements**

- Automating the placement process improves efficiency
- Future Features : AI-based job recommendations and Mobile app version
- Scalability for Multiple Institutions

**Thank  
You**
